**RETREAT ON AGAIN**—U. S. 8th Army has been pulled back across the 38th Parallel all along the 140-mile front as Reds steadily move south for all-out assault on Seoul (1). Communist vanguard speared to Munsan (2)

area in apparent attempt (broken arrow) to dent Allied left flank. Probably biggest air battle of Korean war was fought south of Sinuiju (3) as 35 to 40 Russian-built jets tangled with 15 U. S. F-86 Saber planes.
