To the Editor ~~The~~ Chicago Tribune
Dear Sir

The book that I think most important to be read by the people of the United States is "The History of Woman Suffrage", the 2nd volume of which will soon be issued bringing the records down to the ~~close~~ ^{close of} 19th century. There is no history about which there is so much ignorance as of this great movement for the establishment of equal political rights for women. I ~~therefore~~ hope ~~that~~ the twentieth Century will see the triumph of our cause -
